WHO WE ARE

The League of Women Voters is a non-partisan political organization whose membership is open to all Citizens 18 years and older. Our aim is to increase citizen understanding of major public issues and encourage the informed and active participation of citizens in the democratic process in our government. Our goal is to empower citizens to shape better communities world-wide. Non-citizens are welcome to join as non-voting members.

What We Do

Citizen action is what we are all about. We study, monitor, analyze, inform, lobby, initiate, educate, litigate, mobilize, publish, and advocate.

At left, members of the LWVSC register new citizens for voting.

We help register millions to vote. We keep politics a process for the people.

We keep up with election campaigns through the League's connections on the Internet.

Our nettlesome task is to discover how to organize our strength into compelling power. Martin Luther King, Jr.

The League

Grassroots Non-Partisan Political

We represent more than 100,000 women and men on a variety of issues and action, which influence public policy through education and advocacy.

We **do not** support candidates or political parties. We **do** encourage members, as individuals, to work actively for the candidate or party of their choice--and to run for office..

We do take action on a wide variety of governmental issues. Lawmakers at every level listen when the League speaks.

The League of Women Voters is a recognized, respected voice in shaping public policy.
